Q. 1. Input a welcome message and display it?

Q.2 Input two numbers and displays the larger / smaller number?

Q.3 Input three numbers and displays the largest / smallest number?

messages.downloaded_by

Q.5 Determine whether a number is a perfect number, an Armstrong number or a palindrome?

messages.downloaded_by

Q.6 Input a number and check if the number is a prime or composite number

messages.downloaded_by

Q.7 Display the N terms of a Fibonacci series?

Q.8 Compute the greatest common divisor and least common multiple of two integers.

messages.downloaded_by

Q.9 Count and display the number of vowels, consonants, uppercase,
lowercase characters in string.

Q.10 Input a string and determine whether it is a palindrome or not; convert the case of characters in a string.

messages.downloaded_by

Q.11 Find the largest/smallest number in a list/tuple

Q.12 Input a list of numbers and swap elements at the even location with the elements at the odd location.

messages.downloaded_by

Q.13 Input a list/tuple of elements, search for a given element in the list/tuple.

messages.downloaded_by

Q.14 Input a list of numbers and find the smallest and largest number from the list.

Q. 15 Create a dictionary with the roll number, name and marks of n students in a class and display the names of students who have scored marks above 75.

Q.16 Write a program in python to find the area of Circle using If Conditions

messages.downloaded_by

Q.17 *Write a* program to take input from the user and print reverse order

Q.18 Write a program to take two input from the user and concatenate the strings

messages.downloaded_by

Q.19 Write a program to accept list from the used and sort the list

Q.20 Write a program to take input from the user and find the average of the list

Q.21 Write a program to take input from the used and find the largest and smallest number from the List

messages.downloaded_by

Q.22 Write a program to print a pattern like:

4 3 2 1

4 3 2

4 3

Q.23 Python Program to Print Fibonacci sequence Using Iteration:
